

FREQUENTLY ASKED QUESTIONS

WHEN WILL I RECEIVE MY ORDER?

PLEASE ALLOW 7-14 BUSINESS DAYS FOR YOUR ITEM(S) TO BE DELIVERED

WHAT'S THE DIFFERENCE BETWEEN THE GUM POWDERS & THE LIQUID TINCTURE SPRAY?

The liquid tincture spray has immediate results. The original powder has immediate results while the powder(s) with additional flavoring such as peppermint and clove has a slower effect.

WHY DOES THE POWDER HAVE TO STAY DRY, WHAT'S WRONG WITH A LITTLE MOISTURE?

If the herbs remain in moisture too long it will mold. Therefore, we operate by the motto "Keep It Dry & The Herbs Wont Die!"

WHY SHOULD I NOT USE COMMERCIAL TOOTHPASTE WHILE USING THE GUM POWDER?

Some of the chemical ingredients that are found in commercial toothpaste will counteract the restorative effects of the Exodus Herbal Gum Powder.

WHAT IS DOUBLE-DIPPING AND WHY IS IT BAD?

Double-dipping means to re-immers the toothbrush into the powder in the middle of brushing your teeth. You should finish brushing and thoroughly rinse your toothbrush with water before re-immersing it in the gum powder. When you double-dip you introduce bacteria to the

Exodus Herbal Gum Powder.

IS IT SAFE TO USE THE GUM POWDER WITH BRACES?

The gum powder is abrasive so it is not recommended that someone wearing braces use it for fear of it lodging under the brackets and compromising the therapy. We strongly recommend the use of the Exodus Herbal Liquid Tincture Spray during orthodontic therapy and the use of the Original Exodus Herbal Gum Powder upon the completion of it to maintain the health of your gums as they settle from the adjustment.

CAN ANYONE USE THE GUM POWDER?

Yes. Approximately 3% of the population may experience gum bleeding in their life time .If you happen to experience any adverse results please discontinue use IMMEDIATELY and seek medical assistance.

--- QUESTIONS ABOUT OUR TOOTHBRUSH RECOMMENDATIONS ---

WHY USE A SOFT BRISTLE TOOTHBRUSH?

A soft bristle toothbrush will preserve your enamel. Therefore, we recommend its use.

HOW DO I MAINTAIN MY TOOTHBRUSH?

To minimize the build-up of bacteria within the bristles you should leave your toothbrush out to air dry. If you choose to cover your toothbrush it is best to use something that allows air to flow through and dry the bristles. You should replace your toothbrush often. We recommend once a month for persons with severe issue for a year, there after every two months.

WHY DO I NEED TO CHANGE MY TOOTHBRUSH EVERY MONTH?

Every time you use your toothbrush bacteria builds-up within the bristles that cannot be seen with the naked eye. To promote the effectiveness of the Exodus Herbal Gum Powder it is best to change your toothbrush at least once a month.
